HEBER CITY — Robert Giles is a candidate for a four-year seat on the Heber City Council.

Giles has 10 years of experience as a member of the board of adjustments, 6 years experience as a member of the planning commission of Heber City, as well as serving a 4-year term on the Heber City

Council.

“My term on the Heber City Council was from Jan. 1980 to Dec. 1983, where I was responsible for the parks and cemetery for two years and the public works department for two years,” said Giles.

In conjunction, he served for 2 years on the board of directors for Heber Light and Power Company.

“My voting record as a councilman will indicate that I took a rational approach to problem solving, and tried to gain knowledge of all the facts before making a deci-

sion. I was always willing to listen and support opinions of citizens who expressed their views and not afraid to change my opinion when the facts supported other views,” he said.

“There were times when I had to uphold the law and support the city ordinances even when these ordinances were not to my way of thinking. There were also times when I felt I had to uphold a principle in spite of others’ views. In short, I feel that you could trust me to represent you as a councilman for Heber City.”
